

‘Guys from a Girl’s Perspective ’

Anuj Anand

My personal thanks to

Shafrana Sherifdeen, Edayu S Azyze and Rajika, hadn't it been for these friends, I would not be able to complete this book

Guys from a Girl's Perspective

“The thought of writing this coffee table book came to me after a friend of mine, sent me a collection of thoughts, which I circulate among various girls, I knew to complete the series.

Hence this coffee table book came into existence.

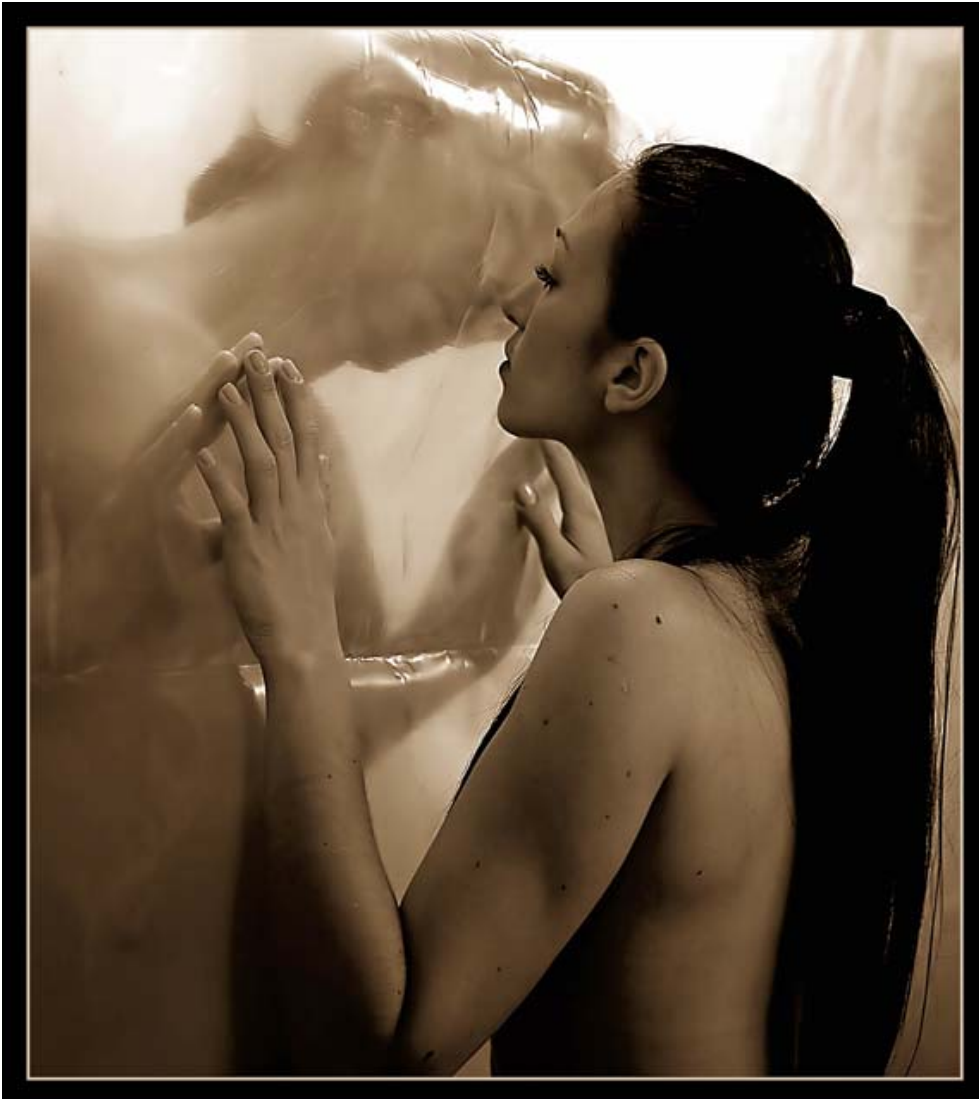

If u TREAT him nicely, he says u are IN LOVE with him;
If u Don't, he says u are PROUD.

If u don't Love him, he tries to POSSESS u;
If u Love him, he will try to LEAVE u.

If u don't make love with him, he says u don't Love him;
If u do he says u are CHEAP..

If u tell him your **PROBLEM**, he says u are **TROUBLESOME**;
If u don't, he says that u don't **TRUST** him.

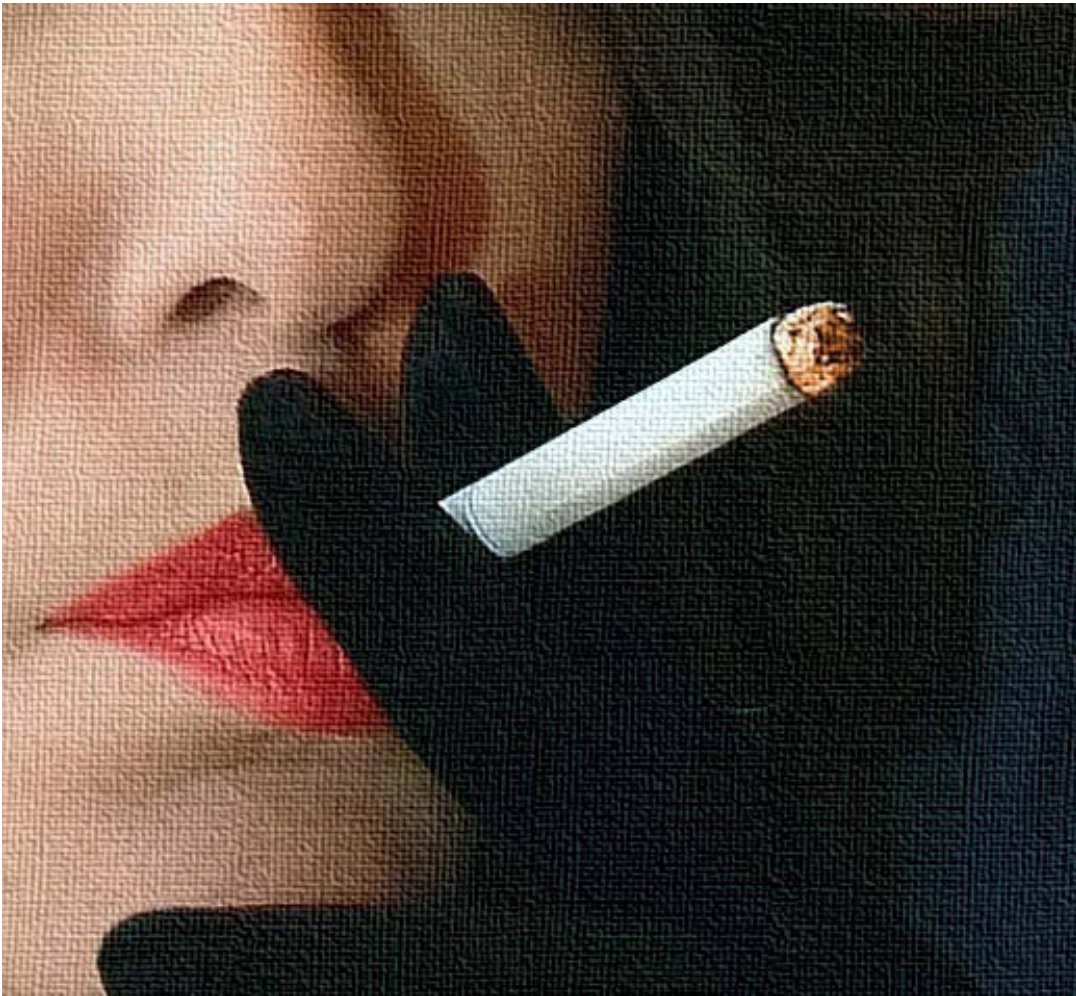

If u SCOLD him, u are like a NANNY to him;
If he SCOLDS u, it is because he CARES for u.

If u **BREAK** your **PROMISE**, u Cannot be **TRUSTED**;
If he **BREAKS** his, he is **FORCED** to do so....

If u SMOKE, u are BAD girl;
If he SMOKES, he is GENTLEMEN

If u do WELL in your exams, he says it's LUCK ;
If he does WELL, it's BRAINS.

If u HURT him, u are CRUEL;
If he HURTS u, u are too ! SENSITIVE !!
& sooo hard to please!!!!

If u ARGUE with him, he says u are STUBBORN ;
If u keep QUIET, he says u have no BRAINS.

If u are SMARTER than him, he'll lose FACE;
If he's Smarter than u, he is GREAT .

Journey into a Woman's Heart – Anuj's Way to treat them

I always feel that they are simple, if you know how to treat them, Not Handle them (Commodities are Handled, People are treated)

Hence it is important for guy's to know how to treat women.

Trust me, follow these few principles listed below and you have them as friends for life.

Love them, as there is no tomorrow

Show as much as affection as you can as if, you are doing to die the next hour

Praise them, as they are best creation of God (because they will be Mom's sooner or later)

Have them as a good friend and trust me the amount of success will you have is more than enough to survive in this world.

Support them, whenever you can. Actually always, the good wishes you get from them is worth Billions

Respect them – Just do it.

Never break their Heart

Never Cheat upon them /betray them.

The two comments that I received from my Best friends, who had something to share on relationships with men, which are as follows

Edayu S Azyze from Kuala Lumpur – Malaysia

We ladies have our own opinions and so do they (the men!). For me the understanding between a relationship must be great! When some of the below incidents happens to us we should understand the other party and react accordingly.

No one's right in a relationship. It's about giving and not taking. You have to be comfortable with that person. And if I don't like what he does I tell him and the other way round as well. So if I'm a Nanny so be it! A Nanny is someone who takes care of you all the time. So I'm on a good side.

Basically it's all about COMMUNICATION!!

Rajika from Sri-lanka

When we do more love to them-boys they think we can't without them, & try to do wrong thing also so we need hide our real love from them... so they will care us...

Always Remember we can't control a Relationship, we can only influence it.
